Experience and Interests

Our goal is to understand your background and, most importantly, your artistic interests. Please keep in mind that the Center for Performing Arts is designed to offer a comprehensive program that covers as many disciplines as possible; we encourage you to take advantage of the many opportunities to explore the arts!

Please indicate your level of interest from 1 (low interest) to 4 (high interest) for each of the following disciplines; then, indicate any experience you may have in that area. While previous experience is not a requirement, it helps to understand just what background you may have in a given area. Remember, numbers are to indicate INTEREST in studying/learning a particular area, not level of experience.

Please also note that not all of these courses may be offered; however, level of interest is a key factor in determining course selection.
